CLAD & CLEAN®

...when there's just no room to compromise

INTRODUCTION

Clad and Clean® is the supply only division of Hygenic formed in 1988 and widely recognised as one of the UK's leading suppliers of hygienic walls and ceilings. We recognised almost at the outset that many of our potential clients had the facility to install our materials themselves, or employed a workforce which could do it for them. They simply needed the best products available to them from one reliable source. The Clad and Clean® principle has been to continually source and develop a wide range of suitable materials and simple fixing guides promising successful solutions within the capabilities of the competent handyman.

WALLS

The options open to re-line walls is vast. Dependent upon the ultimate performance criteria, we can offer wall finishes which will comply with the most stringent hygiene and safety standards. We pride ourselves in ensuring we can offer you materials which will not only do the job properly – they'll do it in style as well!

CEILINGS

As you would expect, we're aware that it's not only walls which need attention. We've given consideration too to the problem of providing ceiling systems which complement or contrast with our wall linings, whilst giving the same high levels of performance. Many finishes can be used on either walls OR ceilings, but if you are at all unsure, please feel free to contact us for our advice.

ACCESSORIES & FIXINGS

Our service would not be complete if we couldn't offer you EVERYTHING you need to finish the job. Check our current price list for details of the covings, trims, channel and joining sections plus those vital fixings products which will simplify your installation and add that professional look to the finish.

FIXING DETAILS

At Clad and Clean® we're dedicated to giving you the best service we possibly can. To enable us to do this, we've developed a series of simple line drawings showing clearly, the details at every critical point we could conceivably imagine for our most popular ranges. These detail drawings are available to you FREE OF CHARGE. Call us now to discuss your installation and we'll forward you the relevant sheets by return of post. Our on site support is available on certain installations.

CLAD & CLEAN®

Specialist Wall & Ceiling Linings

With service of paramount importance, we carry large stocks of most of our product ranges.* Your order is processed immediately payment is received and our nationwide delivery service ensures your Clad and Clean® materials are with you without delay.

* Special colours and finishes take a little longer to make ready. We will advise you immediately of their likely delivery date.

To discuss your specific requirements, please call us today. Your enquiry will be dealt with promptly and entirely without obligation.
