

## **Welcome to the Hygenic family**

Geoff and Trish would like to thank all our customers and suppliers over the many years for their much valued support.

You are a major part of our success and this has helped us to develop new products, expand our overseas market whilst continuing to hold or reduce costs for our existing and new clients.

We are proud to be the team “*behind the scenes*” supplying materials and support across all UK market sectors from the top companies/organisations, to the smaller high street trader, all benefitting from our services and experience as you will know.

Our DIY kits and support across the mainland UK and Ireland have proved a massive success with more recent overseas supply being a unique benefit for these customers also.

Our Web site and additional links explain what we do, showing most of the sectors we operate in. \*(specialist bespoke markets operated by our agents are not shown)

### **EXTRA STOCK HOLDING - 24 HOUR DELIVERIES - TRADE + INTERNET SALES - UK**

Businesses are about people. Without the support of you, our suppliers and Clients, we wouldn't have a business to discuss. Our promise to you is to continue giving value for money and the benefit of our experience long into the future!

Thank you *Geoff & Trish Ryan*
